RELEASE OF INFORMATION AND DISTRIBUTION POLICY

The telephone directory is distributed to regular full and part-time employees of the University of Nebraska at Omaha. Additional copies may be purchased by the University of Nebraska at Omaha faculty and staff with appropriate University identification as long as supplies are available. A limited number of directories are made available to recognized student organizations and offices at the University of Nebraska at Omaha, other campuses within the University of Nebraska system and to select state offices.

No information regarding an individual listed in the telephone directory will be given out over the telephone except for University department address, position title, and University telephone number.

Due to the limited number of directories printed, directories should not be given or sold to individuals, businesses or other entities outside of the University of Nebraska system. However, to comply with the Nebraska Public Records Act which states that the information must be made available, any person or representative of an entity outside of the University may look at and/or duplicate the UNO telephone directory at their own expense and time in the Criss Library. This publication was produced for the faculty and staff of the University of Nebraska at Omaha by the Telecommunications office in cooperation with the Human Resources office and the University Affairs office.

The University of Nebraska at Omaha does not discriminate in its academic, employment or admission policies and abides by all federal, state and regent regulations pertaining to same.

Since its establishment in 1936, the Foundation's mission has been to encourage and raise private financial support for the University from individuals, corporations and other foundations and to appropriately invest and distribute the funds raised or the endowment income for the benefit of the University.

A private Nebraska nonprofit corporation, the Foundation works for the benefit of the University and works closely with leaders from each of its four campuses including UNO.

Individuals or groups interested in supporting education or related activities can directly support UNO through a variety of methods including outright and planned gifts. For more information, please contact the Foundation's Omaha office to speak with a member of our staff.

UNO ELECTRONIC MAIL  
(E-Mail) ADDRESSES  
HOW TO FIND THEM

Lotus Notes is the official e-mail system for the University of Nebraska. There are two ways to look up student, faculty and staff email addresses with Lotus Notes. Be careful you have the correct e-mail address by verifying the address before sending. Confirm the association as faculty/staff (facstaff) or student and confirm the correct campus is displayed.

1. Addressing message by typing a name
   The easiest way to address a message is by typing the person's name, either first or last. Typing a few characters of the name, Lotus Notes will select the closest name match. If the match is not correct, continue typing more of the name.

2. Address Book
   When creating a message, click on the “Address” button. A dialog box displays the university address book or your personal address book. To change to a different address book, click on the drop-down icon in the “look in” area. The Lotus Notes University address book includes all university personnel with Notes accounts. Once the proper address book is selected, start typing last name and press return (client version) or click the Find button (web version). When the name is selected, click the “To>” or “cc>” button and OK.

   Additional Lotus Notes support information can be found at the Web site http://mail.unomaha.edu

EMERGENCY PROCEDURES

INCLEMENT WEATHER POLICY

CLOSING
The decision to close the university because of adverse weather conditions will be made by the UNO Chancellor or his designee. Should an inclement weather situation arise during the workday, this decision will be made in consultation with a Weather Emergency Committee to be established by the Chancellor. This committee shall have representatives from University Relations, Facilities Management and Planning, the Academic and Student Affairs Vice Chancellor’s Office, Student Services/Registrar’s Office, Human Resources and others as input is required. The Office of University Relations will maintain a current list of news media outlets for public announcement as well as maintain a recorded message on 554-CALL (554-2255). Weather information also will be listed on UNO’s Web site at http://emergency.unomaha.edu/weather/.

The decision and announcement could be one of the following alternatives:

1. “All classes and offices at UNO will be closed, and only previously designated personnel are to report to work.” It is the responsibility of various department heads to determine who the essential personnel are and, if possible, they should report to work. The number of essential personnel necessary may depend on whether the bad weather occurs during a student vacation period or during the semester. Departments that normally need to have essential personnel on duty are Campus Security, Facilities Management and KVNO Radio/KYNE-TV. Other departments who identify personnel as essential should contact the Director of Human Resources for review. For your convenience, KVNO Radio 90.7 FM will announce UNO closing information at 6:15 a.m.

2. “All classes at UNO will be closed, however, other business will be conducted as usual. Staff personnel should report for duty.”

3. “All morning classes at UNO have been cancelled, and only previously designated personnel should report to work.” A decision regarding afternoon and evening classes will be made by 10:00 a.m., and released to the media. Students, faculty and staff should take responsibility for listening to local broadcast news media for that update.

4. “UNO will close classes and dismiss staff at (specified time). Previously designated personnel shall remain on duty or report to work as scheduled.”

5. “UNO will be open and all activities will be conducted as usual.”

Note: as a matter of policy, some of the Omaha news media will not air school openings. *Each alternative will include a statement concerning off-campus and evening classes (defined as those classes beginning at or after 4 p.m.), either including the university evening and off-campus classes or with the exception of the university evening and off-campus classes.

TORNADO
A TORNADO WATCH means that tornadoes are likely to develop.
A TORNADO WARNING means that a tornado actually has been sighted somewhere in the general area.

If the warning sirens are sounded or a tornado is sighted approaching campus:

1. Proceed immediately to the interior hallway on the lowest floor or basement, unless there are boilers or electrical switch-gear areas housed in the basement. The tornado areas are as follows:

</tbody>
</table>
2. If time does not permit, get into the safest area, generally the inside wall away from doors and window, of your classroom or office.

3. Avoid windows, auditoriums, gymnasiums or other structures with free-span roofs and boiler or electrical switch-gear areas.

4. Take shelter underneath your desk or any heavy furniture available.

5. Assume a curled position protecting your head and eyes.

6. All persons should remain in the shelter areas until advised the warning has ended.

**MEDICAL EMERGENCIES**

1. **DIAL 4-2911.** Give Campus Security your exact location, i.e., building, room number, parking lot, etc. and telephone number where you can be reached.

2. Briefly describe the medical condition of victim and if possible obtain victim's name.

3. Return to the injured party. (Do not move a seriously injured person unless it is a lifesaving situation.)

4. If possible have someone meet Campus Security or emergency medical personnel at lot or building entrance.

**FIRST AID**

1. Medical assistance is available for minor injuries at UNO Health Services, Monday through Friday.

2. If you require transportation to Health Services or a medical facility, or need first-aid treatment at the scene, contact Campus Security. (If the injury or condition is serious or potentially life threatening, Campus Security will call Omaha Fire and Rescue for transport.)

3. Inform your supervisor of your injury. (Supervisors must complete an Injury Report for all work-related injuries.)

**FIRE**

1. Pull the nearest fire alarm. **DIAL 4-2911.** Campus Security will then sound the general alarm. Give your name, location and the extent of the fire.

2. Spread the word if possible. Evacuate the building.

3. If possible close all doors behind you.

4. **DO NOT USE ELEVATORS.** Individuals who are in wheelchairs or anyone needing special assistance should immediately go to the designated stair towers* where emergency personnel will assist them.

5. Assemble at the rally point for the building. Avoid blocking drives that may be used by emergency personnel.

PERSONAL SAFETY TIPS

• Emergency Blue Light Phones are located throughout campus that connect you directly to Campus Security. See page 119 for locations of these phones.

• Dial Campus Security at 4-2648 for 24 hours a day safety escort services.

• When possible walk with others to and from any campus location, especially before or after daylight hours.

• Check to see if office doors are locked if working alone outside normal working hours.

• Dial Campus Security at 4-2648 to arrange for personal safety checks when working alone on campus outside normal business hours.

CRIME IN PROGRESS

Do not attempt to apprehend or interfere with the criminal in any way. If safe to do so, stop and take time to get a good description of the criminal. Note height, weight, sex, ethnicity, approximate age, clothing, direction of travel and name, if known. All this takes only a few seconds and is of utmost help to the investigating officers. If the criminal is entering a vehicle, note the license number, make and model, color and outstanding characteristics, if any.

Call Campus Security at 4-2911. Give your name, location and department. Advise them of the situation and remain where you are until contacted by an officer. In the event of a civil disturbance, continue inasmuch as possible with your normal routine. If the disturbance is outside, stay away from the doors and windows.

Do not interfere with those persons creating a disturbance or with Campus Security Officers or law enforcement authorities on the scene.

BOMB THREAT

1. Bomb threats usually occur by telephone.

2. The person receiving a bomb threat should remain calm and attempt to obtain as much information as possible from the caller by using the following checklist.

3. Call Campus Security at 4-2911, giving your name, location and telephone number. Inform them of the situation, including any information you may have regarding the location of the bomb, time it is set to explode and time when you received the call.

4. If you should spot a suspicious object, package, etc., report it to Campus Security, but under no circumstances should you touch it, tamper with it or move it in any way.

5. If instructed to evacuate, move a safe distance away from the building (a minimum of 100 yards). If inclement weather conditions exist you may move to another building a safe distance away. Do not re-enter the building until instructed that it is safe to do so.
BOMB THREAT CALL CHECKLIST

1. If you receive a bomb threat call 4-2911 and immediately WRITE DOWN THE EXACT WORDING OF THE THREAT.

2. If the caller is willing to talk, ask the following questions:
   a. When will the bomb explode?
   b. Where is it right now?
   c. What does it look like?
   d. What kind of bomb is it?
   e. What will cause it to explode?
   f. Why did you place the bomb?

3. Attempt to answer the following questions:
   a. Sex/age of caller:  □ male  □ female  □ young  □ middle aged  □ old
   b. Caller's voice:
      □ well spoken  □ irrational  □ incoherent  □ calm  □ loud  □ foul
      □ slow  □ excited  □ laughing  □ soft  □ drying  □ disguised
      □ distinct  □ slurred  □ accent  □ other_______________________
   c. Background sounds:
      □ street noises  □ house noises  □ voices  □ motor noises

Active Shooter

The following guidelines are intended to reduce your personal risk in the unlikely event that an Active Shooter Incident should occur on campus.

If you are outside a building when an event occurs, you should take immediate cover, preferably inside a building, circumstances permitting.

If you are in a building when an event occurs you should:

Secure Immediate Area:

• Lock and barricade doors
• Do not stand by doors or windows
• Turn off lights
• Close blinds
• Block windows
• Turn off radios and computer monitors
• Keep occupants calm, quiet and out of sight
• Keep yourself out of sight and take adequate cover/protections (i.e., concrete walls, thick desks, filing cabinets -- cover may protect you from bullets).
• Silence cell phones

Un-Securing an Area:

• Consider Risk before un-securing rooms
• Remember, the shooter will not stop until they are engaged by an outside force
• Attempts to rescue people should only be attempted if it can be accomplished without further endangering the persons inside a secured area
• Consider the safety of masses-vs-the safety of a few
• If doubts exists for the safety of the individuals inside the room, the area should remain secured
• Know all alternate exits in your building
